The Arche Health Wangen Murduin® Integrated Team Care (ITC) program aims to improve the health of Aboriginal and Torres Strait Islander people who suffer from chronic disease. The program strives to provide access to high quality, culturally appropriate health care services, including care coordination.

The Wangen Murduin ITC program is delivered by a team of Indigenous Health Project Officers, Indigenous Outreach Workers and Care Coordinators.

Eligibility

- Aboriginal and/or Torres Strait Islander
- Have one or more of the following chronic conditions: diabetes, heart disease, renal failure, respiratory conditions and cancer.
- GP Referral
- Care Plan completed by GP

The Wangen Murduin Integrated Team Care Staff will:

- Work with your doctor to support you with your health care plans
- Assist you to access services
- Include appropriate clinical care
- Arrange appointments required
- Ensure regular GP visits
- Deliver medication and assist with a medication review
- Involve you in the decisions about your health care
- Advocate and assist with any barriers
- Follow up with your health care schedule
- Visit you at home
- Assist you with transport to medical appointments

Supplementary Service Funds

Supplementary Service Funds can assist with:

- Medical specialists appointments
- Allied health appointments
- Transport to medical appointments
- Medical equipment
- Mobility aids
- Blood Glucose Equipment
- Medical Footwear
